

# The AC-119 Gunship Association

The AC-119 Gunship Association is making use of “QR Code” technology through Clover’s point of sale platform as an option for people to make payments. **Of course, you can always send our treasurer your check or Money Order.** Our website Quartermaster’s Store cannot process QR Code payments. Therefore, for store purchases, you can pay using the QR Code, but you need to email or call Treasurer Doug ([dawohlgamuth@gmail.com](mailto:dawohlgamuth@gmail.com), 813-782-5728) or Quartermaster Gus ([stinger7172@live.com](mailto:stinger7172@live.com) , 850-865-2634) to let them know what item(s) you purchased. This ensures the correct items will be mailed to you!

**To pay via QR Code**, you can use your cell phone’s camera to access our Clover payment site, or you can download a QR Code Scanner app to your cell phone from your phone’s app store.

- Open your camera or scanner app and point your phone at this QR Code.
- Tap the notification and/or link that appears.
- Enter payment amount listed on your order and your customer/credit card information.
- Click “Pay.”
- Your Transaction ID will appear (you can write this down, for future needs).

A purchase receipt will be sent to your email.
